

DiscoverE Bursary Program Terms and Conditions

Application

The attached application form must be completely filled out by the parent/guardian of the prospective winter registrant.

A full application will include the following:

- Completed application form with signature
- Cover letter written by an authority figure of the applicant (eg. teacher, principal, social worker) describing why the child deserves a bursary, and their enthusiasm for science, technology, engineering, and math.
- Letter from the applicant. Why would you like to come to GEM? What interests you most about science, technology, engineering, and math?

Confirmation:

In the event the prospective registrant is offered a bursary, confirmation **must** be made to DiscoverE **no later than a week** following the date the bursary has been offered. There are many deserving children and it is essential we know for sure whether the bursary will be used by the applicant.

Post GEM Club Follow-up Letter

Following the end of winter girls club, all bursary recipients are required to submit a hand written letter by the participant highlighting their experiences at DiscoverE (such as the best memory they had at the meetings, friends they've made etc.). This letter is extremely important to us as it gives us feedback to our programming and allows us to give feedback to the sponsors who have directly funded the bursary. Information pertaining to what is required for the letter will be provided once/if the application is accepted.

2017 DiscoverE Girls Club Bursary Application

Name of Applicant: _____

Birth Date (DD/MM/YYYY) ____/____/____

Full Address: _____

Postal Code: _____ Home Phone Number: (____) _____
